

BCA – Computer Application

CAREER OBJECTIVE			
	To obtain a challenging position at a reputed company ,where I can leverage my strong programming skills, problem - solving abilities,and passion for technology to contribute effectively to the company's growth.I aim to enhance my technical knowledge and gain hands-on experience in a dynamic work environment while delivering Innovative solutions to clients.		
ACADEMIC RECORD			
Degree	Institute/University/Board	% / CGPA	Year
BCA	RNS First Grage College	8.76	2022-2025
PUC	RNS PU College	93.50 %	2021-2022
SSLC	New Kumarans School	87.52%	2019-2020
ACADEMIC ACHIEVEMENTS & CERTIFICATIONS			
Certification in Artificial Intelligence: Undergone certification course or Internship at company of Realtek Software Services Pvt Ltd, with Wipro Dice Id as a credential partner. Certification in Ai/ML using Python: Undergone certification Internship at Technologies pvt LTD Certification in ASP.NET :Undergone certification course at Ethnotech Academic Solutions held at RNSIT centre of Excellence			
PROJECTS			
1. Loan Approval Prediction Loan Approval Prediction System is a machine learning project designed to help banks and financial institutions determine whether a loan applicant is eligible for a loan. By analyzing applicant details such as income, credit history, loan amount, and other financial factors, the model predicts whether the loan should be approved or not. 2. Income Classification Using Machine Learning Algorithms This project focuses on predicting an individual's income category ($\leq 50K$ or $> 50K$) using demographic and work-related features. The dataset used is the Adult Income Dataset, which includes attributes like age, education, occupation, hours worked per week, and more.			
Internship			
"Completed an internship at Technologies, where I gained hands-on experience in AI/ML using Python, working on real-world projects and enhancing my skills in machine learning and data analysis."			
CORE COMPETENCIES			
Technical Competencies	Programming language – PYTHON(basics), JAVA(basics),C(basics),C++(basics) DBMS – SQL(basics) Web Development Tools – HTML, CSS, JAVASCRIPT Machine Learning – Scikit-Learn,TensorFlow,PyTorch, Seaborn		
Analytical Competencies	Problem Solving – Strong ability to identify, analyze, and solve problems. Logical Reasoning – Breaking down problems and finding effective solutions. Communication – Proficient in translating complex analytical ideas into actionable takeaways for others
